CallTower delivers the latest technology for ongoing business success in order to exceed the expectations of our customers and partners. CallTower's superior voice quality, network, international expansion, centralized order automation, support automation, geographic redundancy, Cloud/IT services and user-friendly options make us the right solution for your clients.

## WHY PARTNER WITH CALLTOWER?

**142%** Revenue growth since 2015

Customized key integrations built for the customers' environment with flexible Contact Center and CT Cloud Boost (internet optimization) options

Partner dedicated with aggressive bonus and residuals commissions that are the highest in the industry

Only company to deliver native industry leading hosted voice solutions

Hosted voice industry pioneer with a 99% customer retention rate

Self-Provisioning Proprietary Portal for Administrators and Users

**100%** Redundancy in our private cloud

UC Industry Pioneer (Founded in 2002)

When you partner with CallTower, you connect your customers with one of Microsoft's largest Hosted Skype for Business and Teams providers, a premier leader in Cisco Enterprise Hosted VoIP and CT Cloud Voce. CallTower's CT Cloud SIP DID Packages combine the most popular SIP features with concurrent calls equal to twice the number of DIDs.

## CALLTOWER IS IN A UNIQUE POSITION IN THE UC GLOBAL MARKET

Only CallTower is able to deliver a complete voice-enabled Microsoft Skype for Business Solution, native with Office 365; requiring no 3rd party integrations and Direct Routing with Microsoft Teams. CallTower also offers a full UC Solution with Cisco Hosted UC leveraging the best of Cisco in a private cloud environment. CT Cloud Voice ensures cost effective, rock-solid stability. Our Unified Communications solutions are enabling your customers with the world-class quality service their businesses demand.

In addition, CallTower delivers business vital UCaaS features like contact center, CRM integration, call recording, CT Cloud Boost (internet optimization), fully supported device and video room solutions and UC Analytics in over 70 countries globally.
